The following questionnaire consists of statements that describe work-related behaviors and attitudes. Each statement is followed by a rating scale that defines the degree to which you agree or disagree with the statement. The scale ratings are defined as follows:

SA = Strongly Agree;  A = Agree;  N = Neutral;  D = Disagree;  SD = Strongly Disagree

A sample statement similar to those found in the questionnaire is provided below.

Individuals who work hard are usually compensated for their efforts.

SA A N D SD

As you read each statement, please think of how it applies to you during your day-to-day working situations. Please circle the scale rating that best defines the degree to which you agree or disagree with each statement.

1. Accidents at work can not be avoided.
   SA A N D SD
